BACKGROUND

Tiger Bay Brawlers is a Cardiff-based roller derby team renowned for its energy, inclusivity, and passion for the sport. Founded to provide a competitive yet welcoming environment for female and non-binary skaters, the club has grown into a respected part of the local sporting landscape, inspiring people to take up this fast-paced and empowering game.

With support from Legacy Leisure's Community Grant Funding, the Brawlers hosted a guest coaching session led by Jambi; a world-class roller derby athlete and coach. This unique opportunity gave members access to elite-level training, helping them to refine their techniques, build confidence, and learn from one of the sport's most experienced voices.

Reflecting on the impact of the session, a representative from the club said: "The grant strengthened bonds within the team and across the wider roller derby community by also involving skaters from other local teams.

"The project promotes active lifestyles, confidence, and inclusivity, encouraging long-term engagement in a sport not always accessible through traditional pathways."

By supporting the Tiger Bay Brawlers, Legacy Leisure has helped to elevate a grassroots club with big ambitions, ensuring that roller derby continues to grow as a sport that empowers and inspires participants of all backgrounds.
