BACKGROUND

Football 4 Charities Pups is a SEND-friendly football club dedicated to providing inclusive opportunities for children and young people with additional needs. Based at Rutland Sports Park, the club creates a safe and supportive environment where players can enjoy the game and build confidence both on and off the pitch.

Through Legacy Leisure's Community Grant Funding, the club is able to purchase new football tops and shin pads for its players. This not only ensures that everyone can take part in sessions with appropriate kit, but also helps build a sense of identity and belonging among the team.

The club is proud of its role in the community, explaining:

"Recreational football is an alternative to competitive teams; all the children have fun, there is no pressure, every child has a chance to do as little or as much as they want and just be themselves."

By supporting this work, the grant is helping the Pups continue to expand opportunities for participation and make football more accessible for all.

This investment reflects Legacy Leisure's commitment to promoting inclusivity in sport, ensuring that every child - regardless of ability - has the chance to experience the joy and benefits of football.
