

# SPICEBALL LEISURE CENTRE

## Feathers Junior Badminton Club

The original Feathers Badminton Club for adults was founded at the start of 1980's and by mid 80's a junior club was added. Juniors from the club have gone on to represent Oxfordshire in both Junior and Senior County levels. Due to the growth of the club over the years they have had to move several times to larger premises and are now at a local secondary school who recently built a new sports hall that now has specialist sports college status and is one of the best venues in the area.

## OVERVIEW

---

The Junior club runs weekly sessions for children up to the age of up to 9 years old, 9-13 years old and 13-17 years old and this includes coaching and competing.

With the grant from Legacy Leisure we will be able to purchase new equipment for the junior section of the club. The current equipment is over 15 years old, having been donated second-hand from the Badminton in Schools Initiative, and is therefore well overdue for replacement.

Our well established team attracts lots of youth members from the local community. With great facilities and new equipment purchased via funding, the club will continue to thrive.  
thrive.

Playing badminton provides numerous physical, mental, and social benefits, including improved cardiovascular health, increased muscle strength, and enhanced flexibility and agility.
