BACKGROUND

Brackley Swimming Club is a Swim England affiliated club that supports swimmers aged 8 years+ across all levels; from competitive swimming to swimming for fitness and recreation.

With a growing membership and interest in outdoor swimming, Brackley Swimming Club utilised funding from Legacy Leisure to enrol one of its instructors in an open water qualification to expand the club's outdoor swimming provision. The funding also went towards the purchase of tow floats to ensure swimmers' safety when swimming in open water.

"The funding has allowed us to upskill our coach and purchase more kit for the club to use, which means we can take on more children to the club and also expand the opportunities that the club can offer them."
