BACKGROUND

Brackley Athletic FC received funding from Legacy Leisure to purchase new training equipment for the club.

Established in 1976, Brackley Athletic FC hosts 18 teams at Brackley Leisure Centre, encompassing multiple demographics, including a range of age groups, girls and boys teams, as well as a disability youth team, the Tigers.

Community grant funding from Legacy Leisure will enable the club to purchase new training equipment for the teams.

The Soccer School, aimed at players aged four to six, will benefit from the new equipment, where children can engage with the sport, take part in a healthy activity and learn new skills.

The new equipment will also enable more children to take part in the sessions, helping to increase participation from the local community.
