FOOTBALL 4 CHARITIES PUPS

Working in Partnership
with your Local Authority

LegacyLeisure.org.uk

BACKGROUND

Football 4 Charities Pups is a recreational football team for children with Special Educational Needs or Disabilities (SEND). The team was set up to support children who struggle in mainstream teams, and to give children the chance to enjoy playing football in a non-pressured environment, where they can have fun and progress at their own pace.

In order to provide players with the best experience possible, Football 4 Charities Pups applied for funding via Legacy Leisure's community grant funding scheme to enrol its coaches onto FA accredited coaching qualifications and First Aid courses.

By improving the experience and knowledge of its coaching staff, Football 4 Charities Pups also aims to raise the awareness of the team within its local community, and encourage more families and children to get involved.
